## Audience

### Notes:

- **Maidens IV Artist Engineer may provide PreSonus mixer to run house and personal stage monitoring. Drum Set to be positioned front Stage Left, Keyboard Stage right. Floor AT Shotgun mics, Drum Set mics and all wireless, wired mics & stands may be provided by Maidens IV.**
- **FOH PA and lighting may be provided by Venue or combined with MIV's K Series QSC PA, including (2)Ksubs & (2)K12s. Sound Engineer familiar with Venue sound system shall be present to assist MIV Engineer in providing the best possible sound in good faith under MIV Engineer's direction.**
- **Stage preference 16'x 24'. In event of an outdoor concert, Venue must provide covered stage. MIV may perform on their 12'x14' Hardwood Roll-out dance floor. MIV is a self-contained traveling band providing all their needed equipment but depending on size of venue and functionality, MIV Engineer may prefer to use Venue's PA & lights, and/or MIV's K Series PA.**

**For Questions call Havilah ~ 567-217-1535**
