Website Teaser:

Wholehearted and full of life, Maidens IV delivers high-action Celtic and Roots music, mixed with hints of Pop, world and the flavor of Gypsy Jazz. Start with four sisters, dancing, playing, singing, and composing their own fiery music, add shimmering costumes and step it up with powerful four-part-harmony, insane instrumentals, daring choreography and you've set the stage for a heart stopping show. Their pure-action pulse-peddling Celtic fusion spans the borders of today and tradition, stringing each percussive and alluring tone of the Bodhrán, guitar, voice, violin, and viola into a Celtic infused Folk Rock Celebration.

"Fire can be heard in the instruments as these lovely ladies take command!"
